principal A Word from the

With Spring Break now over, the school year is really about to fly by. Before we start thinking about summer too much though, we do have state testing for grades 3-5 in just a couple of weeks. Please see our testing schedule to the left and make every effort to have your child present and on time each day.

While test scores are a part of our accountability as a school, if you have been around me much, you know that I don't believe we are defined by a test score. We want our students to put their best effort into all they do whether it is a test or practicing math

facts. Taking pride in your work is a valuable trait that will benefit them throughout their life.

Finally, we do not want our students to be stressed about any test they take. Our students work hard to prepare for tests and should walk in with confidence. To lighten the mood a little, we have a Pep Rally the Friday before testing that will be a lot of fun for our students with a little help from some high schoolers.

We are excited for our students to show everyone what they know! They have worked so hard all year!

Arrival and Dismissal Information

All parents/guardians must wait until 3:10 to enter the campus and form a line to pick-up a student using the car rider process for dismissal. This applies to any area on campus.

We ask that all vehicles in the afternoon pickup line have the car rider tag clearly visible with the names of all children you are picking up. Each family will receive complimentary signs. Additional signs may be picked up in the office. Please make sure you bring your ID. All students should be picked up in the car rider line. If you walk up to get your child, you will be sent to the office to sign your child out. Every 3rd sign out will be 1 early dismissal.

Best Practices for Arrival to Support the Efficient Flow of Traffic for Everyone

- Arrival Balance – The current wait time between 8:00 and 8:25 is less than 2 minutes as traffic is continuously flowing. It is important that more students arrive between this time to create a better arrival balance. Students not in the building by 8:45 will be considered tardy.
- Exit Vehicles Quickly (right side only) – It is important that students are prepared to exit vehicles quickly with all things ready for the school day. Please pull all the way forward to eliminate gaps in the line. Students need to exit at the first location on the sidewalk instead of waiting to get to the front of the line.
- Limit Walk-Ups and Gym Lot Use - The gym parking area and walk-ups should only be used in rare situations involving temporary needs.

Did You Know?

Autism Awareness

The month of April is National Autism Awareness Month. National Autism Awareness Month represents an excellent opportunity to promote autism awareness, autism acceptance and to draw attention to the tens of thousands facing an autism diagnosis each year. Every year, autism organizations

around the world and others celebrate the day with awareness-raising events. Autism Speaks leads the “Light It Up Blue” campaign to “show your blue”—from buildings to people—on April 2. The Vanderbilt Kennedy Center Treatment and Research Institute for Autism Spectrum Disorders, Autism Speaks’ Autism Treatment Network at Vanderbilt, and Autism Tennessee have partnered with Nashville’s cultural organizations to plan month-long events and awareness throughout April that support autism awareness.
